

Dear Parent Guardian, Young Person and Professional

Can I please ask for assistance with the POET survey? The survey is for any parent, young person or professional that has been involved with the EHCP process. It is vitally important to get feedback from parents, children and professionals, so that services can be improved. The survey can also let us see how Derbyshire compares to other Authorities. I have attached the links to the survey which is run by POET who are running the survey on our behalf. (The survey is confidential, nobody can or will be identified that takes part).

I hope that we can get as wide a response as possible, we need enough responses to enable us to run a report. I would be very grateful for your participation in this activity and please feel free to forward the link to anybody you think may be able to take part. The closing date for responses is the 10th September 2019.

Please don't hesitate to give me a call or e-mail if you require any further assistance or you require some support at your school/home and group to do this.
